1. Attached is the correspondence from [REDACTED] which I mentioned to you. As you know, [REDACTED] signed the subject contract which takes effect 1 July. In the contract we agreed to assume accountability for the property involved, and I have had [REDACTED] check this list which he states is accurate. Therefore, it would be appropriate for you to sign, accepting responsibility. Inasmuch as this is most confidential and you have no detailed records of it, I suggest you send back a copy of this list to [REDACTED] transferring responsibility and accountability therefor to him.
